Subject: Traffic congestion on Mentmore Boulevard

Dear Mr. Bradford,

In an effort to protect our children who attend Sunlake High School, Rushe Middle School and Imagine Elementary school and to insure and promote vehicle safety, reducing congestion, we are proposing an additional roadway be constructed adjacent to Mentmore Boulevard from approximately Buckinghamshire East to the nearest entrance of Rusche Middle School which is _____feet. (See Photo)

It appears that there is more than ample room for this project as there is a turning lane started but no roadway attached. (See Photo.) With all the above mentioned schools closing this spring, it would be an ideal time to start and complete construction before the start of the August, 2023 school year.

Many accidents with injuries have occurred at this location due to traffic and school children congestion.

We would appreciate your immediate attention and response to this very important proposal. We would be more that happy to meet with you to discuss the possibilities.

Sincerely yours,

Concord Station CDD
